## **NOTICE OF SPECIAL MEETING OF PARISH & COMMUNITY ST. GEORGE'S YOUTH CENTRE - NOVEMBER 22<sup>nd</sup> 2009, 2:00 PM**

The Saskatoon Health Region has made a strong indication of interest in a long term lease of St. Georges Youth Centre. This lease would involve the creation of a second storey in the Hall, renting the main floor and second storey to the Health Region, and retention of the basement level by the Parish for its own programs and social functions.

Therefore this Special General Meeting of the Parish has been called by the President of Parish Council as an informational session to hear and discuss the programs and services that may be offered by the Saskatoon Health Region in the Hall. Representatives from the Health Region will be in attendance to outline their goals, describe their programs and services, and to answer questions.

A lease arrangement with Saskatoon District Health is expected to provide:

- an opportunity for the Parish to assist the surrounding community by supplying facilities for healing and for positive development in the Pleasant Hill neighborhood,
- extensive, and much needed, renovation and improvement of the Hall,
- financial stability for the Hall, and in turn, the needed financial stability for the Parish to assist in the restoration of the Cathedral and the construction of a new Rectory and Residence.

The anticipated arrangement with Saskatoon Health would fulfill initiatives taken, over the past three years, by the Parish Membership as a whole, and by Parish Council. As you may recall, at a Special General Meeting of the Parish in October 2006, the Membership, recognizing that the Hall has been operating at a substantial deficit over at least the past decade, voted to support efforts by Parish Council to "*retain the Parish Hall and make it usable, marketable and profitable*"

Subsequently at a special meeting in June of 2008, Parish Council approved the concept of installing a second floor with a view to commercial rental of the Hall and, in the spring of 2009, the Eparchial Consulters granted permission for the Parish to hire the necessary professional services required to prepare designs and establish a business plan for Hall renovation and lease. Early this summer, it was reported to Parish Council that a real estate firm had begun discussions with the Saskatoon Health Region, and, through September and October, the interest of the Health Region has become more serious. Parish Council has now engaged professional project management services to assist in further development.

The Special General Meeting on November 22<sup>nd</sup> will be an opportunity for Parish Members to become more fully informed on these matters. Please plan to attend.
